Databases: MySQL, Database Design & Optimization

Mobile: Android (Native), Flutter (Cross-platform), WebView Applications

Cloud & DevOps: Cloud Server Deployment, Version Control (Git), CI/CD Pipelines

Project Management: Agile/Scrum, Team Leadership, Resource Planning, Risk Assessment, Client Communication

Other: SaaS Architecture, Shopify Theme Development, Web-to-App Conversion, Scalable System Design

EXPERIENCE

Senior Full Stack Developer

Feb 2025 – Present

Titan Minds 9

Islamabad, Pakistan

- Architected and delivered end-to-end web and mobile applications using Laravel, Vue.js/React, and Flutter, serving production user bases with high reliability.
- Designed and implemented secure RESTful APIs and OAuth2/JWT authentication systems integrated across frontend and mobile platforms.
- Deployed cloud-hosted applications with performance optimizations and collaborated cross-functionally with product and design teams to ship scalable software.

Founder & Laravel Developer

May 2024 – Present

Karayadari Solutions (Pvt.) Ltd.

Bahawalpur, Pakistan

- Founded and scaled a technology company delivering custom web and mobile platforms for startups, digitizing operations and automating complex business workflows.
- Led full project lifecycle — from requirements gathering, technical architecture, team coordination, and deployment — for multiple simultaneous client engagements.
- Built and maintained Laravel-based SaaS applications with MySQL backends, achieving modular, scalable codebases that reduced future feature delivery time.
- Spearheaded API-first development strategy, enabling seamless third-party integrations (payment gateways, CRMs, logistics APIs) across client platforms.

Shopify Developer

Sep 2024 – Jan 2025

Code Lab

Bahawalpur, Pakistan

- Developed and customized Shopify storefronts using Liquid, HTML/CSS, and JavaScript, enhancing UX and driving improved conversion metrics for e-commerce clients.
- Integrated third-party Shopify apps and built custom storefront functionalities, streamlining product management and checkout workflows.

Junior Full Stack Developer

Apr 2023 – Sep 2024

Safe RH Lab

Bahawalpur, Pakistan

- Contributed to development of web and mobile applications, implementing features across frontend and backend stacks under senior developer mentorship.
- Integrated third-party APIs and debugged production issues in Laravel/PHP codebases, improving system stability and code quality.

EDUCATION

The Islamia University of Bahawalpur

Bachelor of Science, Information Technology

Sep 2020 – Jun 2024

Bahawalpur, Pakistan

Punjab Group of Colleges

Higher Secondary Education (FSC Engineering)

Apr 2018 – Jun 2020

Punjab, Pakistan
